

Thank you for releasing Docket 05-049 containing the List of Significantly Viewed Stations by County. I currently live in Butts County, Georgia and have noticed errors for my county.

Currently the list shows:

Butts

WSB-TV, 2, Atlanta, GA

WAGA, 5, Atlanta, GA

WXIA-TV, 11, Atlanta, GA (formerly WQXI)

WTBS, 17, Atlanta, GA (formerly WTCG)

WATL, 36, Atlanta, GA

Butts County (city of Flovilla) where I live is much closer to Macon, GA than it is to Atlanta, GA (33 miles vs. 52 miles), and therefore we receive better signals from the Macon DMA. In fact, I receive a Grade A signal from a couple of Macon stations. Also, the Macon stations are on all cable systems within Butts County.

The following are stations that I believe are missing from the list for Butts County, GA.

WMAZ-TV, 13, Macon, GA

WGXA, 24, Macon, GA

WMGT, 41, Macon, GA (formerly WCWB)

WPGA, 58, Perry, GA

The following are stations that are in the Atlanta or Macon DMA, and are missing from the list entirely (ie. Not listed in any county):

Atlanta DMA

WUVG, 34, Athens, GA

WGCL, 46, Atlanta, GA

WATC, 57, Atlanta, GA

WUPA, 69, Atlanta, GA

Macon DMA

WGNM, 64, Macon, GA

Thank you for updating the list
